# GRADUATION

## NEW GRADUATION FORMAT

Graduations will be celebrated at two special recitals at the ends of each semester. We are now following guidelines that were established by Dr. Suzuki for graduations. We will continue to adhere to the graduation parameters where the student is playing and studying at least in the middle of the next volume in order to graduate from the preceding volume. Students who are ready to graduate will perform a solo from a select list of pieces as well as perform with their particular book specified graduation piece. The student is required to perform the volume that they are graduating from in their private studio.
